

Nations Unies
Convention sur la lutte
contre la désertification

UNCCD
COP16
Riyadh | 2024

PROGRAM OF THE SIDE-ÉVENTS THAT WILL BE ORGANIZED DURING THE COP16 OF THE UNCCD AT THE PAVILION OF THE KINGDOM OF MOROCCO

SIDE-EVENT THEME	ORGANIZER	DATE	TIME
« Carbon farming: Transforming Agriculture and Land Use for Climate Resilience and Sustainable development »	Cherifian Phosphates Office / INNOVX	December 4, 2024	11:00 a.m. – 01:00 p.m
« Drought Resilience: Innovations and Sustainable Practices for Integrated Management»	National Agency for Water and Forests (ANEF)	December 4, 2024	01:00 p.m. – 03:00 p.m
« Our Lands, Our Future: Initiatives and Perspectives for the Restoration Generation »	Mohammed VI Foundation for Environmental Protection	December 4, 2024	06:00 p.m. – 07:30 p.m
« Financing Land Restoration »	National Agency for Water and Forests (ANEF)	December 5, 2024	01:00 p.m. – 03:00 p.m
« The Role of Oases and Argan Forests in Combating Desertification and Land Restoration »	National Agency for the Development of Oasian Zones and Argan Forests	December 5, 2024	03:00 p.m. – 05:00 p.m
« Revitalizing Mountain Ecosystems: An Innovative Model from AFMI for Restoring Pastoral Meadows and Strengthening Local Community Resilience »	Moroccan Alliance for Climate and Sustainable Development	December 6, 2024	11:00 a.m. – 01:00 p.m
« Land Restoration: Innovative Mechanisms and Techniques »	National Agency for Water and Forests (ANEF)	December 6, 2024	01:00 p.m. – 03:00 p.m
« Permanent Reporting System for NDT Monitoring »	National Agency for Water and Forests/ Sahara and Sahel Observatory	December 7, 2024	10:00 a.m. – 12:00 p.m
« Innovations to Increase Soil Organic Carbon and Reduce Land Degradation in Agricultural Systems of Arid Zones: Challenges and Opportunities »	National Agronomic Research Institute (INRA)/ International Center for Agricultural Research in the Dry Areas (ICARDA)	December 9, 2024	11:00 a.m. – 01:00 p.m
« Impact of desertification on Oases in North Africa »	AMCDD and ASMAPEC RAED (Egypt)	December 9, 2024	01:00 p.m. – 03:00 p.m
« 1 Million Hectares of Direct Seeding to Improve Soil Health and Combat Desertification in Arid Lands: A case study in Morocco »	National Agronomic Research Institute (INRA)/ International Center for Agricultural Research in the Dry Areas (ICARDA)	December 10, 2024	11:00 a.m. – 01:00 p.m
« Strengthening the Fight Against Desertification in Morocco through Sustainable Agriculture: Tree Planting, and Carbon Emission Offsetting »	High Atlas Foundation and BDA Foundation	December 10, 2024	03:00 p.m. – 05:00 p.m
